## LEGACY OF PRIDE

For 40+ years, Northalsted Business Alliance has provided programs and services to increase investment, security, and opportunity in the community. The neighborhood has been a home and haven for LGBTQ+ communities throughout the Pride movement.

Often referred to as "Boystown" and "New Town" before that, the Northalsted name is proudly engraved on the 20 steel rainbow striped pylons lining the street, which house the Legacy Project. The Project's 40 bronze plaques memorialize important but often unsung LGBTQ+ contributions to our nation's history.

In 2019, the pylons and Legacy Project/Walk memorial were officially designated a Chicago landmark, making the Legacy Walk the world's only outdoor LGBTQ+ history museum, and forever honoring the LGBTQ+ community.

## WALK WITH PRIDE

Look for the 14 Rainbow Pride Crosswalks along North Halsted St. Together they make up the longest rainbow crosswalk project in the world. The crosswalks project was funded by public donations collected at Chicago Pride Fest and Northalsted Market Days.

Make sure to snap a picture of you and your crew at these North Halsted intersections and **#WALKWITHPRIDE** everyday.
